ABOUT US

Over three decades, we have established ourselves as leaders in the power industry, earning recognition for our authentic and reliable services. We are pleased to present ourselves as one amongst the highly reputed firms in Chennai. Our commitment to consistent reliability, unmatched efficiency, and top-notch functionality is unwavering. We specialize in uninterrupted power conditioning products designed for commercial, industrial, and residential purposes.

We are dedicated to harnessing the power of renewable energy to create a sustainable future. With a focus on innovative solar and battery storage solutions, we aim to provide clean, reliable energy to homes and businesses.

ON GRID INVERTERS

CAPACITY: 3KVA- 125KVA

HYBRID INVERTERS

- Single - Phase
- IoT - ready smart inverter
- Li+ battery compatible
- 100% utilisation of solar

CAPACITY: 1 KVA - 40 KVA

OFF GRID INVERTER

- SEOG SERIES MPPT SOLAR PCU (1-PHASE)
- Advanced DSP controller-high performance for real-time signal processing

CAPACITY: 1 KVA - 20 KVA

- Three- Phase
- Ideal for huge energy requirements
- Can be AC coupled with String Inverters
- Compatible with Wind, Hydro and Biomass

CAPACITY: 1 KVA - 250 KVA
